# SUPPLEMENT TO THE GAZETTEER OF THE VIZAGAPATAM DISTRICT.

## VOLUME I.

*Chapter I, page 2, margin.—Add the following note :—*

“Anakapalli Taluk has since been transferred from the Narasapatam Division to the Vizagapatam Division.”

*Chapter I, page 9, last paragraph.—Add the following note :—*

“A dam has been now thrown across the Nagavali. Details will be found on page 106.”

*Chapter I, page 21—Cattle.—Add the following note :—*

“The prevailing cattle diseases are rinderpest, anthrax, diarrhoea, and black-quarter. During the six years ending with 1909-10, there were 43,707 deaths from these diseases, or on an average 7,285 deaths in a year.

Three breeding bulls supplied by Government are being maintained at important centres at Government expense. One of these is always stationed at Vizagapatam. The cows are served free of charge.”

*Chapter III, page 59—Density of the population.—Add the following note :—*

“The following changes are noticed during the census of 1911 :—

In the agency tracts, the average density of the population increased from 67 to 81 per square mile during the decade. The increase is probably due in no small measure to more accurate enumeration, but, at the same time, there is no doubt that the people of the plains have lost to some extent their fear of the agency and have been migrating thither.

The density of the population in the ordinary tracts increased from 453 to 472 to the square mile. It is exceeded in six other districts in the Presidency, viz., Tanjore, Malabar, Godavari, South Arcot, Madras and Anjengo. It is exceptionally high in the Palkonda and Vizagapatam Taluks, being one person per acre of the total area.”

*Chapter IV, page 102—‘Others’—Add as note :—*

“Groundnut has been introduced into the district recently. Its cultivation is confined mainly to Chipurupalli, Palkonda and two or three other taluks. It is likely to become more and more popular with the ryot as it pays him well.”

*Chapter IV, page 103—‘The Agricultural Association.’—Add as note :—*

“The District Board has since opened a Veterinary Hospital at Vizagapatam and it is gradually growing in popularity. The Agricultural Association is endeavouring to introduce improved methods of agriculture by the dissemination of useful knowledge in the shape of leaflets supplied by the Director of Agriculture, Madras.”

*Chapter IV, page 106*—‘The Nagavali Project.’—Add the following note:—

“The project is now nearing completion. An anicut has been built across the river at Thotapalli in the Pārvatipuram Taluk for the diversion of the river water through several main and branch channels. Some of the distributaries are still under construction. The project is estimated to cost Rs. 18,16,300 and to irrigate about 23,814 acres. Eighteen Government and six non-Government villages were irrigated by the project in Fash 1320.”

*Chapter VII, page 135*—Bridges.—Add the following note at the end of the penultimate paragraph:—

“The construction across the backwater at Vizagapatam, of a girder bridge of 3 spans of 80 feet each with masonry piers and abutments, has been recently sanctioned at an estimated cost of Rs. 1,21,600. The work will be commenced on the 1st April 1914.”

*Chapter VII, page 136*.—Add note at the end of the first paragraph:—

“A bridge has now been built on top of the anicut which has been constructed over the Nagavali river and the two roads leading from Pārvatipuram to Palkonda and to Gundupur, respectively, have been diverted and taken over this.”

*Chapter VII, page 144*—‘The proposed Vizianagram-Raipur line’.—Add the following note:—

“This line has been now opened up to Pārvatipuram, a distance of 50 miles from Vizianagram. Beyond Pārvatipuram, land extending over a length of about 40 miles has been acquired in 1912-1913, i.e., up to 10 miles beyond Rayaghada: but the construction of the line over this acquired portion has not yet been commenced.

Also a branch of this Section, the Bobbili-Salur Branch Railway, has been opened, the distance from Bobbili to Salur being about 11 miles along the line. The extension of this branch beyond Salur is under contemplation.”

*Chapter XV, page 340, last paragraph*.—Add as note:—

“The suit was eventually compromised in the High Court of Judicature at Madras in the year 1913. The zamindari has now been abdicated by the Raja in favour of his eldest son, Alakanarayana Gajapatiraj, a minor, on whose behalf a civilian officer is managing the Estate under a trust-deed executed by the Raja. Under this trust-deed, a managing committee has been appointed, consisting of three members, viz., (1) the Raja himself, (2) his wife, the Rani Lalita Kumari Devi and (3) M.R.Ry. S. Srinivasa Ayyangar Avasal, High Court Vakil, Mylapore Madras. This committee has power to appoint or discharge the trustee and to advise and counsel him in estate matters.”
